Step 1: Activating your NYU NetID:

Follow these steps to activate your NetID from any Internet-connected computer.

- Open a web browser (Internet Explorer or Safari) Go to the NYU Start page (start.nyu.edu)
- If you know your NetID (it is printed on the back of your NYU ID Card), enter it in the appropriate field, then click Start! If you do not know your NetID, click the Don't know your NetID? button.
- Follow the onscreen directions

Figure 1.1

On the next screen enter your University ID number which is printed on the back of your NYU Poly ID card

Select your date of birth and click on Continue
Figure 1.2

Note that the Net ID and the University ID are printed on the back of your NYU Poly ID card as shown below:

After setting your password try to login at https://home.nyu.edu/ with the new password. If you are able to login, you have successfully created your password.
