

# INVEST IN YOURSELF

## FINANCING YOUR EDUCATION

**RANKED #11**

in New York state for best return on investment

*PayScale*

**\$157K+**

mid-career salary among graduate school alumni

*PayScale*

**#1 UNIVERSITY**

for graduate employability in the United States

*Times Higher Education*

### ASSISTANTSHIPS AND FELLOWSHIPS

As a graduate assistant, you can develop professional skills while strengthening your real-world credentials. Graduate students provide administrative and academic departmental support, performing clerical duties, advising, planning, and holding front desk positions.

Specific departments also award financial aid to graduate students through teaching and research assistantships, as well as highly competitive fellowships for PhD applicants.

You also have the opportunity to work as a mentor in the Center for K-12 STEM Education programs, teaching engaging lessons involving building, programming, research, creative activities and hands-on experiments and competitions.

For more information, visit [engineering.nyu.edu/grad/funding](https://engineering.nyu.edu/grad/funding)

### THE SKILL-BASED PROGRAM FOR INCUBATOR KNOWLEDGE AND EMPLOYMENT (SPIKE)

SPIKE supports developing companies in the NYU Tandon School of Engineering's Data Future Lab and Digital Future Lab and enables you to gain professional expertise. You have the chance to get paid while improving startups and learning what it takes to launch a business.

For more information, visit [engineering.nyu.edu/spike](https://engineering.nyu.edu/spike)

### LOANS AND PAYMENT PLANS

**Stafford Loans** are available to certain U.S. students, with subsidized (interest-free while enrolled) and unsubsidized (interest-accruing from time of loan) options.

**Payment Plans** stretch out tuition payments for an extended period of time. The Student Financial Services office will work with you to determine a plan that works best for you.

For more information, visit [engineering.nyu.edu/gradfunding](https://engineering.nyu.edu/gradfunding)

### OTHER FUNDING OPPORTUNITIES

- Competitions
- Project-based funding
- Private, third-party scholarships
- Employer assistance

# ESTIMATED COST OF FULL-TIME ATTENDANCE

	FALL	SPRING	TOTAL
Tuition*	\$16,389	\$16,389	\$32,778
