

New York University Tandon School of Engineering: Quick Facts

December 2015

The NYU Tandon School of Engineering dates to 1854, when the NYU School of Civil Engineering and Architecture as well as the Brooklyn Collegiate and Polytechnic Institute (widely known as Brooklyn Poly) were founded. Their successor institutions merged in January 2014 to create a comprehensive school of education and research in engineering and applied sciences, rooted in a tradition of invention, innovation and entrepreneurship. In addition to programs at its main campus in downtown Brooklyn, it is closely connected to engineering programs in NYU Abu Dhabi and NYU Shanghai, and it operates business incubators in downtown Manhattan and Brooklyn.

Students	2,286 undergraduates
Fall 2015	2,868 graduate
	5,154 total
Full-Time Faculty	174
Degrees	Bachelor of Science Master of Science Doctor of Philosophy
Research Expenditures	\$27.4 million (FY 2015)
Location:	MetroTech Center, Downtown Brooklyn
Recognition:	#1 PayScale Best Value College in New York State (20-year ROI) #1 by <i>Diverse Issues in Education</i> Master's Degrees Awarded to All Minorities in Math and Statistics #4 among Online Schools Center Most Technologically Savvy Online Schools #4 by Her Campus STEMinist Schools #4 by Brookings Institute Rankings Alumni with Most Valuable Skills #8 by <i>U.S. News & World Report</i> Best Online Graduate Engineering Programs #9 with NYU by <i>The Princeton Review</i> Top Graduate Schools for Video Game Design #11 by ASEE Most Engineering Master's Degrees Awarded The Princeton Review Best Northeastern Colleges 2015 Ralph E. Gomory Award for Quality Online Education from the Online Learning Consortium
Outreach:	3 incubators house 60 start-up companies, generated 1200+ jobs Center for K-12 STEM Education is largest university initiative of its kind in NYC
