Restrictions for annual dollar limits for student health insurance coverage are $500,000 for policy years beginning on or after September 23, 2012, but before January 1, 2014. Your student health insurance coverage includes an annual limit of $500,000 per condition on all covered services including Essential Health Benefits. Other internal maximums (on Essential Health Benefits and certain other services) are described more fully in the benefits chart included inside this Plan summary. If you have any questions or concerns about this notice, contact (855) 236-2145. Aetna Student Health has arranged for you to access a Preferred Provider Network in your local community. Acute care facilities and mental health networks are available nationally if you require hospitalization outside the immediate area of the Polytechnic Institute of NYU campus.

To maximize your savings and reduce your out-of-pocket expenses, select a Preferred Provider*. It is to your advantage to use a Preferred Provider because savings may be achieved from the Negotiated Charges these providers have agreed to accept as payment for their services. A complete listing of participating providers is available at the Polytechnic Institute of NYU Health Services.

You may also obtain information regarding Preferred Providers by contacting Aetna Student Health at (855) 236-2145, or through the Internet by accessing DocFind at www.aetnastudenthealth.com.

*Preferred providers are independent contractors and are neither employees nor agents of Aetna Life Insurance Company, Chickering Claims Administrators, Inc. or their affiliates. Neither Aetna Life Insurance Company, Chickering Claims Administrators, Inc. nor their affiliates provide medical care or treatment and they are not responsible for outcomes. The availability of a particular provider(s) cannot be guaranteed and network composition is subject to change.

PRE-CERTIFICATION PROGRAM

Pre-certification simply means calling Aetna Student Health prior to treatment to obtain approval for a medical procedure or service. Pre-certification may be done by you, your doctor, a hospital administrator, or one of your relatives. All requests for certification must be obtained by contacting Aetna Student Health at (855) 236-2145 (attention Managed Care Department).

GENERAL PROVISIONS

STATE MANDATED BENEFITS
The Plan will pay benefits in accordance with any applicable New York State Insurance Law(s).

SUBROGATION/REIMBURSEMENT
RIGHT OF RECOVERY PROVISION
Immediately upon paying or providing any benefit under This Plan, Aetna shall be subrogated to all rights of recovery a Covered Person has against any party potentially responsible for making any payment to a Covered Person, due to a Covered Person's Injuries or illness, to the full extent of benefits provided, or to be provided by Aetna. In addition, if a Covered Person receives any payment from any potentially responsible party, as a result of an Injury or illness, Aetna has the right to recover from, and be reimbursed by the Covered Person for all amounts This Plan has paid, and will pay as a result of that Injury or illness, up to and including the full amount the Covered Person receives, from all potentially responsible parties. A "Covered Person" includes for the purposes of this provision, anyone on whose behalf This Plan pays or provides any benefit, including but not limited to the minor child or Dependent of any Covered Person, entitled to receive any benefits from This Plan.

As used in this provision, the term "responsible party" means any party possibly responsible for making any payment to a Covered Person or on a Covered Person's behalf due to a Covered Person's injuries or illness or any insurance coverage responsible making such payment, including but not limited to:

- Uninsured motorist coverage,
- Underinsured motorist coverage,
- Personal umbrella coverage,
- Med-pay coverage,
- Workers compensation coverage,
- No-fault automobile insurance coverage,
- Any other first party insurance coverage.

The Covered Person shall do nothing to prejudice Aetna's subrogation and reimbursement rights. The Covered Person shall, when requested, fully cooperate with Aetna's efforts to recover its benefits paid. It is the duty of the Covered Person to notify Aetna within 45 days of the date when any notice is given to any party, including an attorney, of the intention to pursue or investigate a claim, to recover damages, due to injuries sustained by the Covered Person.

The Covered Person acknowledges that This Plan's subrogation and reimbursement rights are a first priority claim against all potential responsible parties, and are to be paid to Aetna before any other claim for the Covered Person's damages. This Plan shall be entitled to full reimbursement first from any potential responsible party payments, even if such payment to the Plan will result in a recovery to the Covered Person, which is insufficient to make the Covered Person whole, or to compensate the Covered Person in part or in whole for the damages sustained. This Plan is not required to participate in or pay attorney fees to the attorney hired by the Covered Person to pursue the Covered Person's damage claim. In addition, This Plan shall be responsible for the payment of attorney fees for any attorney hired or retained by This Plan. The Covered Person shall be responsible for the payment of all attorney fees for any attorney hired or retained by the Covered Person or for the benefit of the Covered Person.

The terms of this entire subrogation and reimbursement provision shall apply. This Plan is entitled to full recovery regardless of whether any liability for payment is admitted by any potentially responsible party, and regardless of whether the settlement or judgment received by the Covered Person identifies the medical benefits This Plan provided. This Plan is entitled to recover from any and all settlements or judgments, even those designated as "pain and suffering" or "non-economic damages" only.
Coordination of Benefits

If the Covered Person is insured under more than one group health plan, the benefits of the plan that covers the insured student will be used before those of a plan that provides coverage as a dependent. When both parents have group health plans that provide coverage as a dependent, the benefits of the plan of the parent whose birth date falls earlier in the year will be used first. The benefits available under This Plan may be coordinated with other benefits available to the Covered Person under any auto insurance, Workers’ Compensation, Medicare, or other coverage. The Plan pays in accordance with the rules set forth in the Policy.

EXTENSION OF BENEFITS

Benefits will continue to be available for a covered person who incurs medical expenses directly relating to a pregnancy that began before coverage under This Plan ceased. Such benefits will be covered only for the period of that pregnancy.

If a covered person is confined to a hospital on the date his or her Basic Sickness Expense coverage terminates, charges incurred during the continuation of that hospital confinement shall also be included in the term “Expense”, but only while they are incurred during the 31 day period following such termination of insurance.

TERMINATION OF INSURANCE

If withdrawal from school is for other than entering the armed forces, no premium refund will be made. Students will be covered for the Policy term for which they are enrolled, and for which premium has been paid.

The request must also include any additional information that supports the claim (e.g., medical records, Physician's office notes, operative reports, Physician's letter of medical necessity, etc.). Please submit all requests to:

INTERNAL APPEALS PROCEDURE
Aetna has established a procedure for resolving appeals by covered persons. If the covered person has an appeal, please follow this procedure:

• An Appeal is defined as an oral or written request to Aetna to reconsider an adverse benefit determination.

First Level Appeals Procedure
An Appeal must be submitted to Aetna within 180 days of the date Aetna provides notice of denial. The Aetna address is on the covered person’s ID card. The Appeal may be submitted by the covered person, or by a representative, designated by the covered person.

The covered person may submit an oral grievance in connection with:
• A denial of, or failure to pay for, a referral, or
• A determination as to whether a benefit is covered under This Plan, by calling Member Services. Aetna’s Member Services telephone number is on the covered person’s ID card. If the covered person is required to leave a recorded message, the covered person’s message will be acknowledged within one business day after the call was recorded.

An acknowledgment letter will be sent to the covered person within 1 day of Aetna’s receipt of an oral Appeal, and 5 days of Aetna’s receipt of a written Appeal. This letter may request additional information. If so, the additional information must be submitted to Aetna within 15 days of the date of the letter.

The covered person will be sent a response within 30 days of Aetna’s receipt of the Appeal. The response will be based on the information provided with, or subsequent to, the Appeal.

If the Appeal concerns an eligibility issue, and if additional information is not submitted to Aetna after receipt of Aetna’s response, the decision is considered Aetna’s final response, 45 days after receipt of the Appeal. For all other Appeals, if additional information is to be submitted to Aetna after receipt of Aetna’s response, it must be submitted within 15 days of the date of Aetna’s response letter.

Aetna’s response will be sent within 30 days from the date of Aetna’s first response letter.

In any urgent or emergency situation, the Expedited Appeal procedure may be initiated by a telephone call to Member Services. Aetna’s Member Services telephone number is on the covered person’s ID card. A verbal response to the Appeal will be given to the covered person and covered person’s provider within 2 days, provided that all necessary information is available. Written notice of the decision will be sent within 2 business days of Aetna’s verbal response.

Second Level Appeals Procedure
If the covered person is dissatisfied with Aetna’s grievance determination, the covered person, or a representative designated by the covered person, may submit a written appeal within 60 business days after receipt of such determination.

An acknowledgement letter will be sent to the covered person within 15 days of Aetna’s receipt of the written appeal. This letter may request additional information. If so, the additional information must be submitted to Aetna within 15 days of the date of the letter.
Aetna’s final response for an urgent or emergency situation will be sent within 2 business days. For all other situations, a response will be sent within 30 business days from the date of Aetna’s receipt of all necessary information.

If additional time is needed to resolve an Appeal, except in an urgent or emergency situation, Aetna will provide a written notification, indicating that additional time is needed, explaining why such time is needed, and setting a new date for a response. The additional time will not be extended beyond another 30 days.

The covered person must exhaust the Internal Appeals Procedure before requesting an External Appeal. However, the covered person is not required to exhaust the Internal Appeals Procedure prior to requesting an External Appeal, if the covered person and Aetna have agreed that the matter may proceed directly to an External Appeal.

Aetna will keep the records of the covered person’s complaint for 7 years.

External Review Process

EXTERNAL APPEAL

RIGHT TO AN EXTERNAL APPEAL
Under certain circumstances, the covered person has a right to an external appeal of a denial of coverage. Specifically, if Aetna has denied coverage on the basis that the service is not necessary, or is an experimental or investigational treatment, the covered person may appeal that decision to an External Appeal Agent, an independent entity certified by the State, to conduct such appeals.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS NOT NECESSARY
If Aetna has denied coverage on the basis that the service is not necessary, the covered person may appeal to an External Appeal Agent, if the covered person satisfies the following criteria listed below:

- The service, procedure, or treatment, must otherwise be a Covered Medical Expense under This Plan, and
- The covered person must have received a final adverse determination through the first level of Aetna’s internal appeal process, and Aetna must have upheld the denial, or the covered person and Aetna must agree in writing to waive any internal appeal.

RIGHT TO APPEAL A DETERMINATION THAT A SERVICE IS EXPERIMENTAL OR INVESTIGATIONAL
If the covered person has been denied coverage on the basis that the service is an experimental or investigational treatment, the covered person must satisfy the following criteria:

- The service must otherwise be a Covered Medical Expense under This Plan, and
- The covered person must have received a final adverse determination through the first level of Aetna’s internal appeal process, and Aetna must have upheld the denial, or the covered person and Aetna must agree in writing to waive any internal appeal.

In addition, the covered person’s attending physician must certify that the covered person has a life-threatening or disabling condition or disease. A “life-threatening condition or disease” is one which, according to the current diagnosis of the attending physician, has a high probability of death. A “disabling condition or disease” is any medically determinable physical or medical impairment that can be expected to result in death, or that has lasted, or can be expected to last, for a continuous period of not less than 12 months, which renders the covered person unable to engage in any substantial gainful activities. In the case of a dependent child under the age of 18, a “disabling condition or disease” is any medically determinable physical or mental impairment of comparable severity.

The covered person’s attending physician must also certify that the life-threatening or disabling condition or disease is one for which standard health services are ineffective, or medically inappropriate, or one for which there does not exist a more beneficial standard service or procedure covered under This Plan, or one for which there exists a clinical trial (as defined by law) or rare disease. In the case of a rare disease, the attending physician may not be the treating physician.
In addition, the **covered persons** attending physician must have recommended at least one of the following:

A service, procedure or treatment that 2 documents from available medical and scientific evidence indicate is likely to be more beneficial to the **covered person** than any standard Covered Medical Expense (only certain documents will be considered in support of this recommendation – the **covered person**’s attending physician should contact the State in order to obtain current information as to what documents will be considered acceptable) or in the case of a **rare disease**, based on the **physician**’s certification and such other evidence as you, your designee of the attending **physician** may present; or A clinical trial for which the **covered person** is eligible (only certain clinical trials can be considered).

For the purposes of this section, the **covered person**’s attending **physician** must be a licensed, board certified, or board eligible **physician**, qualified to practice in the area appropriate to treat the **covered person**’s life-threatening or disabling condition or disease. In the case of a **rare disease**, the attending **physician** may not be the treating **physician**.

**THE EXTERNAL APPEAL PROCESS**

If, through the Aetna’s internal appeal process, the **covered person** has received a final adverse determination upholding a denial of coverage on the basis that the service is not necessary, or is an experimental or investigational treatment, the **covered person** has 45 days from receipt of such notice to file a written request for an external appeal. If the **covered person** and Aetna have agreed to waive any internal appeal, the **covered person** has 45 days from the receipt of such waiver to file a written request for an external appeal. Aetna will provide an external appeal application with the final adverse determination issued through the Aetna’s internal appeal process or its written waiver of an internal appeal.

The **covered person** may also request an external appeal application from the New York State Department of Insurance at 1-800-400-8882. The completed application must be submitted to the New York State Department of Insurance at the address listed in the application. If the **covered person** satisfies the criteria for an external appeal, the State will forward the request to a certified External Appeal Agent.

The **covered person** will have the opportunity to submit additional documentation with the request. If the External Appeal Agent determines that the information the **covered person** submit represents a material change from the information on which Aetna based its denial, the External Appeal Agent will share this information with Aetna in order for it to exercise its right to reconsider its decision. If Aetna chooses to exercise this right, Aetna will have 3 business days to amend or confirm its decision. Please note that in the case of an expedited appeal (described below), Aetna does not have a right to reconsider its decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of the completed application. The External Appeal Agent may request additional information from the **covered person**, the **covered person**’s physician or Aetna. If the External Appeal Agent requests additional information, it will have 5 additional business days to make its decision. The External Appeal Agent must notify the **covered person** in writing of its decision within 2 business days.

If the **covered person**’s attending physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to the **covered person**’s health, the **covered person** may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within 3 days of receipt of the completed application. Immediately after reaching a decision, the External Appeal Agent must try to notify the **covered person** and Aetna by telephone or facsimile of that decision. The External Appeal Agent must also notify the **covered person** in writing of its decision.

If the External Appeal Agent overturns Aetna’s decision that a service is not necessary, or approves coverage of an experimental or investigational treatment, Aetna will provide coverage subject to the other terms and conditions of This Plan. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, Aetna will only cover the costs of services required to provide treatment to the **covered person** according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under This Plan for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent’s decision is binding on both the **covered person** and Aetna. The External Appeal Agent’s decision is admissible in any court proceeding.
Carriers and hospitals are permitted to agree to alternative dispute resolution mechanism in lieu of this External Appeals process. A covered person has the right to External Appeals for concurrent adverse determinations. Providers are prohibited from pursuing reimbursement from a covered person, except for copay, coinsurance and deductible, when External Review determination for a concurrent adverse determination is upheld.

RESPONSIBILITIES
It is the covered person’s responsibility to initiate the external appeals process. The covered person may initiate the external appeal process by filing a completed application with the New York State Department of Insurance. If the requested service has already been provided to the covered person, the covered person’s attending physician may file an expedited appeal application on the covered person’s behalf, but only if the covered person has consented to this in writing.

Under New York State law, the covered person’s completed request for appeal must be filed within 45 days of either the date upon which the covered person receives written notification from Aetna that it has upheld a denial of coverage, or the date upon which the covered person receives a written waiver of any internal appeal. Aetna has no authority to grant an extension of this deadline.

COVERED SERVICES AND EXCLUSIONS
In general, This Plan does not cover experimental or investigational treatments. However, This Plan shall cover an experimental or investigational treatment approved by an External Appeal Agent in accordance with this section. If the External Appeal Agent approves coverage of an experimental or investigational treatment that is part of a clinical trial, Aetna will only cover the costs of services required to provide treatment to the covered person, according to the design of the trial. Aetna shall not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under This Plan for non-experimental or non-investigational treatments provided in such clinical trial.

PRESCRIPTION DRUG CLAIM PROCEDURE
When obtaining a covered prescription, please present your ID card to a Preferred Pharmacy, along with your applicable copay. The pharmacy will bill Aetna for the cost of the drug, plus a dispensing fee, less the copay amount.

When you need to fill a prescription, and do not have your ID card with you, you may obtain your prescription from an Aetna Preferred Pharmacy, and be reimbursed by submitting a completed Aetna Prescription Drug claim form. You will be reimbursed for covered medications, less your copay.
