

NYU TANDON ALUMNAE ADVISORY COUNCIL

WOMEN @ TANDON

MEMBERSHIP

Membership is open to alumnae of Tandon by invitation only. To participate in the AAC, members must commit to a one-year term and to one of the established giving circles listed below:

- Silver Tier · \$250/year
- Gold Tier · \$500/year
- Platinum Tier · \$1000/year

ACTIVITIES OF AAC

Throughout the year, the Women at Tandon committee and various departments sponsor events to inform the community about the impact of women in STEM and build connections between women students, faculty, staff, alumnae, and industry professionals. Members of AAC will have the opportunity to engage with the community by:

- Joining a speakers bureau whose members will be asked to sit on panels, give talks, and hold seminars
- Engaging in Tandon's mentoring programs
- Participating in Tandon's Alumni Breakfast and Lunch Club
- Providing 1:1 professional shadowing opportunities to students

The mission of the Alumnae Advisory Council (AAC) is to support the advancement of women at Tandon.

The goal of the AAC is to increase the presence and positive outcomes of women through an array of services geared towards building a supportive environment of and for women.

DIRECT SUPPORT TO STUDENTS

Through the established giving circles, the AAC will be able to support students who wish to participate in opportunities designed to enrich their undergraduate and graduate experience. Membership fees will go towards supporting women students' participation in the following activities:

- **Professional Conferences** – Society for Women Engineers (SWE), National Society for Black Engineers (NSBE), Society for Hispanic Professional Engineers (SHPE) – registration fees, travel and lodging, and other expenses
- **Internships** – work-related expenses and stipends for unpaid opportunities
- **Study Away at NYU Global Sites** – related expenses including airline tickets, U.S. passports and immunization fees
- **Research Opportunities** – stipends, which allow our students to participate in research opportunities at Tandon and other institutions of their choosing

MEETINGS

AAC meetings will be held three times a year: January, June, and September.
