SC**

**TUSC:  
TANDON  
UNDERGRADUATE  
STUDENT COUNCIL**

**Come meet the team!**

# ABOUT

This is your chance to lead within the Tandon Undergraduate Student Council and represent the student community at the NYU Tandon School of Engineering. We believe in uniting the diverse community of students at NYU Tandon, advocating for student needs, and creating relevant programming for the student body. TUSC strives to work with the Tandon community to listen to their needs and accommodate as best as they can.

All interested candidates must read both the Constitution and Election Policies attached to the Election Application located on NYU Engage.

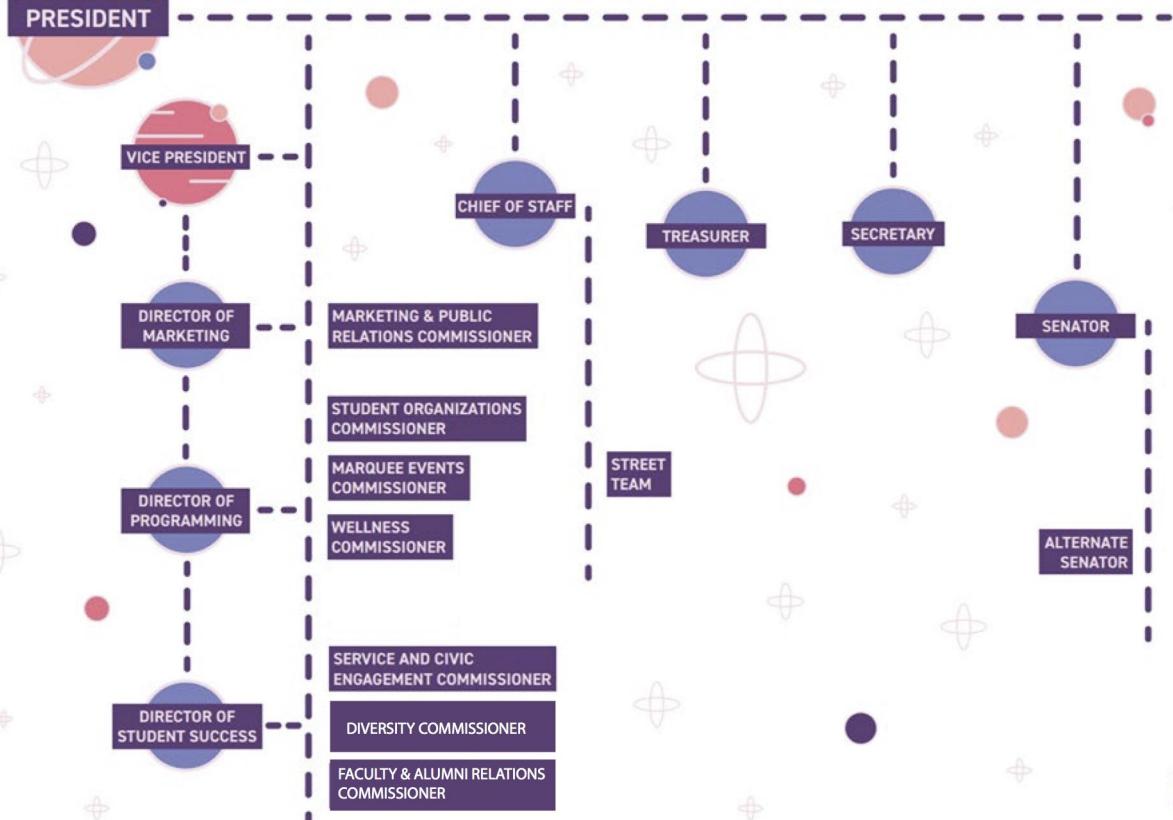

For any questions, comments, or concerns, please contact

# TUSC MEMBER BREAKDOWN

## 2019-2020

# Flo Tong

## *President*

It's an honour to hold the position of President as you are the voice for all Tandon students. I have worked towards building on the work already done, and continuing to advocate for anything and everything we as students need to succeed. During meetings with administrators and the Dean, I have the opportunity to be the student opinion when a decision is being made that will affect the student population. My hope is to help shape the future of the Tandon experience.

# Sarvar Nazir

## *Vice President*

My main reason for joining the council was to help build the identity of the Tandon community and forge a meaningful, cohesive dynamic within that community. Through my responsibilities as Vice-President, and with the help of the rest of the council, we dedicated ourselves to doing so.

# Diana Francisco

## *Director of Student Success*

I get to oversee three amazing commissioners and help them achieve their goals of improving Tandon life in specific areas like community service and faculty engagement. I also get to work on initiatives like making Tandon more sustainable! I love my position because it involves decision making, event planning, and witnessing the impact student council is making on Tandon.

# Sarah Mesdour

*Director of Programming*

As director of programming, I get to coordinate events that I think the student body would enjoy. It's so rewarding to see my ideas come to life and seeing how students are reacting to it. I love being a part of something that makes going to Tandon a little more fun.

# Vida Saffari

## *Director of Marketing*

As director of marketing, I inform Tandon students of all of the exciting events that Student Council puts together. I run the TUSC social media accounts, design posters to raise awareness on campus, and oversee the marketing commissioner.

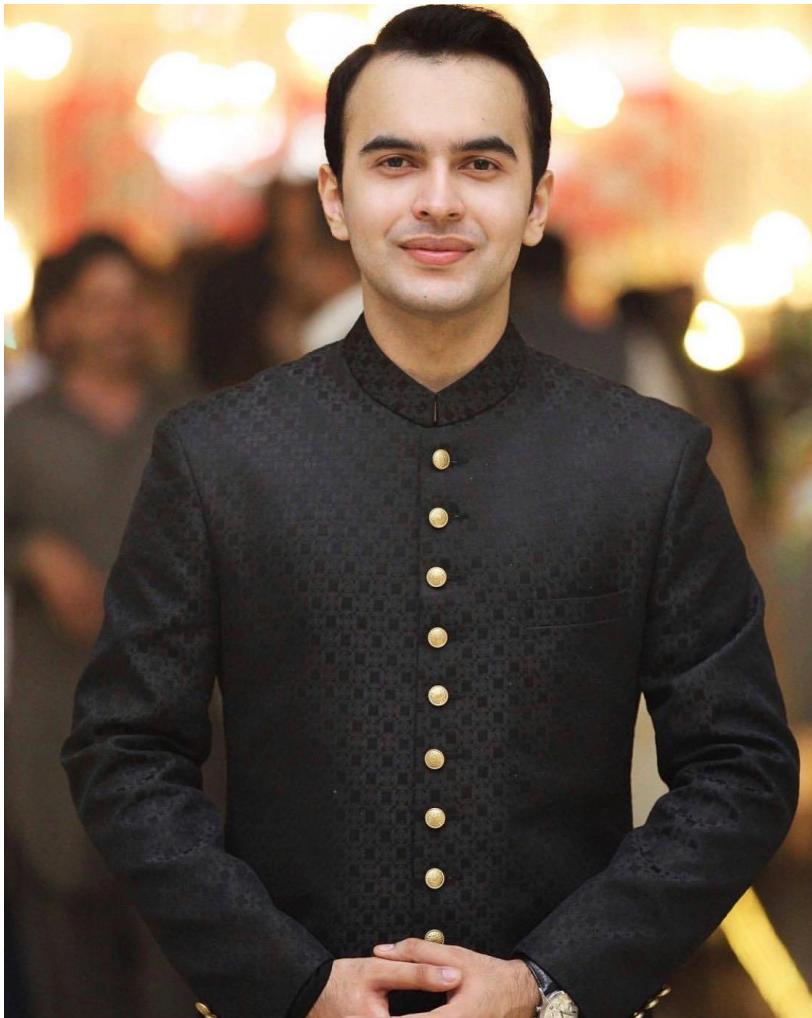

I love being director of marketing because I can interact with students and share my enthusiasm for Tandon! This role also allows me to bring out my creative side when I take photos and design posters, t-shirts, and more!

# Joel Urena

## *Senator*

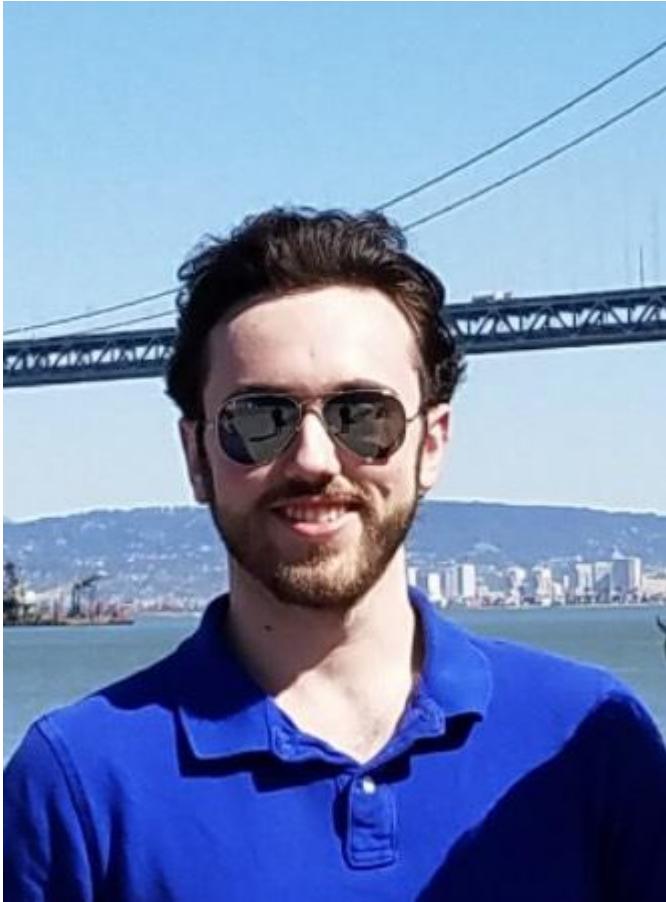

My role as Senator is that I serve as a liaison between the Tandon Undergraduate Student Council (TUSC) and the various aspects of NYU student government such as committees that impact all aspects of the university and as having a vote in the Student Government Assembly (SGA), and the Student Senators Council (SSC) and the University Senate. Essentially, I am a representative for Tandon in the overall University Government system.

# Bilal Masood

## *Alternate Senator*

I'm the Alternate Senator for Tandon's School of Engineering. My main role is to represent Tandon in the Student Government Assembly and Student's Senator Council, along with the Senator. Part of my job is also to be Tandon's team captain for All University Games which took place earlier in February. It's been an absolute pleasure to be a part of the Student Council.

## Zach Adler

### *Treasurer*

As treasurer, I keep track of TUSC's spending to ensure we stay under budget and I also control supplemental funding that is given out to all the Tandon based clubs and student organizations.

# Shriya Konde

## *Secretary*

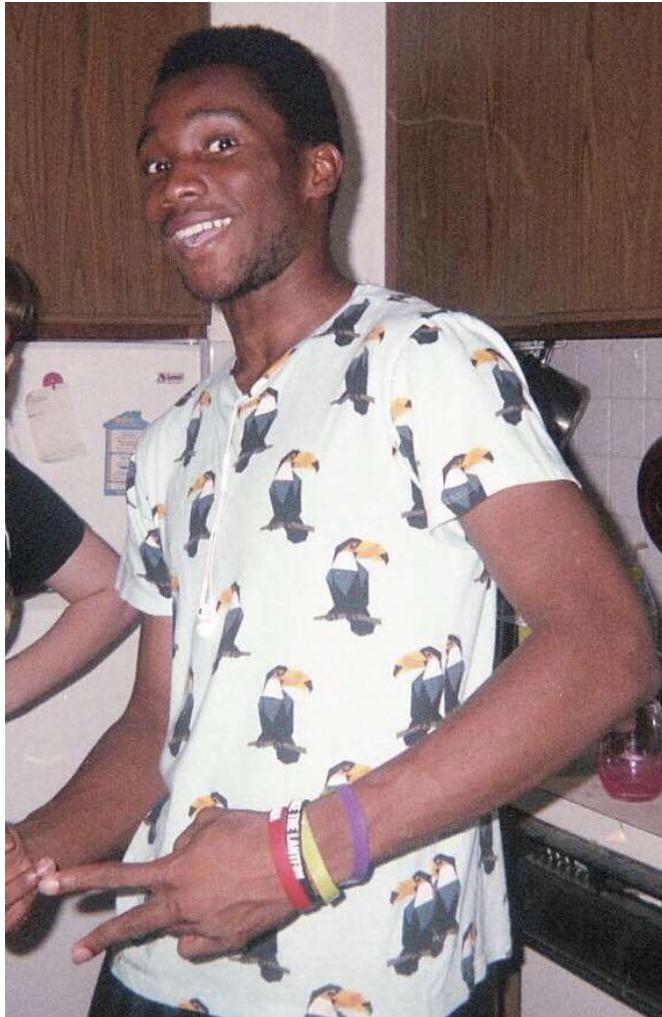

As Secretary, it's my job to make sure all meetings and events are kept organized and that every other position is aligned to the roles named in the Constitution!

# Fariha Mahjabin

## *Chief of Staff*

My role is basically to make sure there is transparency between the student body and the student council. I am responsible for Tandon Townhalls, which is held every first Tuesday of each month, and is a place for all students to come to Student Council and ask us questions, complain, or just come for the free food! Each Townhall is themed, and this March the theme is Student Government and Elections, and we will have a cereal bar!

# Gladwin Osakwe

## *Wellness Commissioner*

Wellness commissioner entails creating opportunities for Tandon students to destress and advocating for changes in the school that would mitigate mental fatigue. :)

# Jonathan Lin

## *Student Organizations Commissioner*

I serve as the liaison between clubs and the council. I try to support clubs on campus through collaboration events and event promotion. I like this position because I am in contact with a lot of student leaders on campus.

# Alexandra Brinton

*Marketing Commissioner*

As marketing commissioner, I help to promote and raise awareness about events at Tandon. I love working with our director of marketing to run our social media accounts, as well as design posters and Tandon gear! In addition, I love answering questions via our social medias, and spreading enthusiasm for Tandon!

# Crystal Li

## *Student-Faculty Resources Commissioner*

My position is to design and host events that allow students to get to know their professors outside the classrooms. As a student myself, I fully understand that professors can seem distant and intimidating sometimes, and my job is to shorten this distance and allow the students to be in a more comfortable environment when they are learning. In addition, I make sure that students have the resources to achieve their goals. The events I host include Take Your Professor to Coffee, Faculty appreciation events, and major changing information sessions.

# Naiya Patel

## *Service and Civic Engagement Commissioner*

I try my best to look for initiative and events that can be implemented on campus that promote sustainability and humanity! TUSC has been apart of several initiatives such as compost corner, hygiene kit making, and sustainable living. It is easy to forget about the little things of life when studying away in school. This position reminds me what I value and how I can make an impact on the people and environment around me through the small things I do!

**Applications to be on  
Student Council  
2019-2020 due March  
25th!!**
