

NYU Tandon School of Engineering

Dean's List

Fall 2017 - Spring 2018

It gives me great pleasure to congratulate those on this list for being named to the NYU Tandon School of Engineering Dean's List. Your academic achievement is a source of pride to the entire faculty and to me in particular. This is a major accomplishment and I hope that you will continue to exhibit this level of dedication to the active pursuit of knowledge throughout your career at Tandon.

Peter Voltz, Associate Dean of Undergraduate and Graduate Academics

“Undergraduate students who achieve a GPA of 3.4 or higher over the course of an academic year (fall and spring semesters only), with no grades of F, I or U for either semester, and are otherwise in good academic standing, are placed on the Dean's List. ... Only those who complete 12 or more credits during the fall and spring semesters are eligible.”

-- NYU Tandon School of Engineering Undergraduate Bulletin
